WELCOME TO PALMER SNYDER

MADE IN THE USA SINCE 1919

Palmer Snyder is proud to announce that we are now a 100% employee-owned company. This transition strengthens our legacy of American manufacturing and ensures that the people who build and ship our products are directly invested in the quality and durability our customers rely on.

We've come a long way since the Snyder Chair company began making Appalachian hardwood folding chairs in 1919. But we've always stayed true to our roots. We strive to manufacture furniture to deliver the highest ROI in the industry.

Most of our manufacturing is still done in Conneautville, PA with an expanded and modernized factory and sales associates all over the U.S. We are proud of our heritage, our people, and our products. Thank you for your interest in Palmer Snyder!

PLYWOOD TABLES

Palmer Snyder's solid plywood banquet tables are built to endure years of set-ups, tear-downs, loading and unloading under demanding conditions. Our carefully selected plywood and optional, proprietary C-Channel aluminum edge offers extra protection for your table edges and 100% bolt fastening provides extraordinary durability.

Since 2008, all of our plywood tables have been stamped with the year of manufacture. Many suppliers prefer their customers don't notice how long their tables last. For almost a century, our success has been built on our customers knowing EXACTLY how long our products last! For the highest return on investment in the long run, NOTHING BEATS A PALMER PLYWOOD TABLE!

We began stamping our year of manufacture in 2008, so if you have tables with no stamp they are more than 17 years old...& STILL RENTING!
